

# Ask every patient for their mobile number

## Text messaging works!

### HOW IT WORKS

- 1 Ask for the patient's **mobile number**.
- 2 Navigate to **Patient File>Select Patient**.
- 3 Tab to **Notify** and mark as **Y**
- 4 **Enter the mobile number**, mark the location as Home, and mark **Mobile Service as Yes**. Click on ADD [F3]
- 5 Tell the patient to **reply with Y** to the welcome message.

## Now, patients don't have to remember their three-digit code.

Once you sign up the patient in the system, all they have to do is respond with "Y."

The patient will get a text that looks like this:
